

AUSTIN, TX

- » 20 minutes from (9.5 miles) from the Austin-Bergstrom International Airport.
- » Facility is located in a 5 story tan brick building on the 5th floor. The suite occupies approximately 2000 square feet.
- » The direct facility entrance are double doors located at street level with a 6 inch curb. There is a handicap ramp to the right of the entrance, which is not intended to accommodate freight (individual occupancy). There is a secondary entrance to the rear of the lobby which can be accessed via a walking path between buildings, but is not readily accessible. It is adjacent to the parking garage of The Catherine condominiums next door.
- » The general building entrance can be used for handicap access, as well as deliveries. No pallets are allowed within the building. Pallets may be temporarily stationed at the front door for off-loading but must be promptly removed, per facility management. There is no loading dock. There are 2 passenger elevator banks located in the lobby. There is no freight elevator. The building is locked after 6:00 p.m. and entrance can be gained via intercom to the left of the front doors.
- » There are 3 rooms with viewing mirrors and client lounges (Stevie Ray Vaughn, Longhorn and Austintatious), 1 client living room, 1 facility kitchen and 1 staff kitchen.
- » The facility kitchen has one fridge, large microwave, large toaster oven, 1 standard dishwasher and does not have a stove/oven nor a freezer. The staff kitchen has a utility sink and a refrigerator. There is no bar.
- » There are no private restrooms. The restrooms are on public floor outside of suite across from the elevator banks.
- » There is no free parking. Clients and respondents can park at the Hyatt Regency garage (located across drive from building) and we can provide them with parking validations which are billed to their project. The surface lot in front of facility is a pay lot, but parking in the surface lot will not be reimbursed. All reimbursed parking is to be directed to the Hyatt Regency parking garage. Clients may be directed to stay at the Hyatt Regency due to the convenience of its location next door.
- » We have bus stops within walking distance from our facility.

CHARLOTTE, NC

- » 15-20 minutes from airport. Rush hour could take 15-30 minutes longer. Approximately 20-30 minutes from Uptown Charlotte.
- » We are located on the first floor.
- » We do not have a loading dock.
- » There is a handicap accessible entrance, however it is on the opposite end of our office with parking spaces available.
- » Kitchen includes two standard fridges, microwave, small toaster oven and one standard dishwasher. No stoves available for cooking.
- » Public restrooms for Men & Women are located outside of our office and shared with all tenants in the building.
- » Free parking lot.
- » We are not accessible by public transportation.

CINCINNATI, OH

- » 30 minutes from the airport. Rush hour could easily take 45 minutes. 20 minutes from downtown.
- » We are not accessible by public transportation.
- » Free standing building with easy access through the front door. The double door that open wide. We are on the main floor. Parking surrounds the entrance. We own the building.
- » Public restrooms for Men & Women. There is a separate Handicapped restroom that clients tend to use.
- » Large kitchen with two microwaves, double oven, stove, industrial ice machine and two dishwashers, industrial refrigerator and freezer, and two residential refrigerators. Plenty of counter space for prepping for taste test.

COLUMBUS, OH

- » Less than 10 minutes from airport, 20 min from downtown, one block from major destination shopping mall, right off the freeway - a plus but rush hour traffic can be problematic. Densely populated business and residential area.
- » On the 3rd floor of building, easy access to loading dock, separate cargo elevator, easily accessible for people with disabilities.
- » We're on the city bus route, with stops within easy walking distance.
- » No private restrooms in our office but public shared restrooms on our floor.
- » Front entrance - double doors that open wide. Buckeye Suite also has external door, extra wide, for accommodating large items.
- » Kitchen includes standard fridge, microwave, full-size upright freezer and dual dishwashers. No stoves available for cooking.

DENVER, CO

- » 30 minutes (25 miles) from the Denver International Airport.
- » 1 block West of Union Station (the large downtown transportation hub) and 16th Street Mall shopping district.
- » Facility is at street level, and is comprised of the entire first floor of our building, as well as a full basement equal to the size of the first floor.
- » The direct facility entrance are double doors located up 4 steps. The general building entrance is a narrow door leading to a ramp, which leads to our secondary entrance next to the building's main elevator.
- » The general building entrance can be used for handicap access, as well as deliveries, though only half pallets will fit through the door and up the ramp, or deliveries will need to be carried up 4 steps into the main facility entrance. There is no loading dock.
- » We have bus stops within walking distance from our facility.
- » 4 rooms (3 with mirrors - Vail, Breckenridge, Mile High, 1 CCTV - Pike's Peak), 1 client lounge (Mile High room), 1 test kitchen, 1 staff kitchen, 1 taste test/sensory room (located in our basement).
- » There is a bar located in our taste test/sensory room. The bar has one extra wide kegerator with 2 taps, which can accommodate 2 standard kegs. One large built in counter height reach in refrigerator/freezer, and one double sided sink.
- » Test kitchen includes: 2 commercial stove top ovens (one with 6 burners), 4 consumer ovens, 12 microwaves, 1 flat top grill, 2 commercial refrigerators, 2 commercial freezers, 4 metal prep tables, 2 commercial sinks.
- » All kitchen equipment is hooked up by electric, there is no gas running to the kitchen. There is 1 commercial overhead vent that works for most cooking. The kitchen is in the lower level, which has elevator access. The elevator is a standard office elevator.
- » There are 4 private restrooms, one men's and one women's located on each floor.
- » We have no free parking. Clients can park at the 1515 Wynkoop Garage (located half a block away) and we can provide them with parking validations which are billed to their project. Respondents can park in surface lots near our facility. The Firehouse Lot at 1322 Blake Street and the Bell Lot #1 at 1394 Market tend to be the closest (roughly 2-3 blocks away) and least expensive.

Columbus

Denver

Raleigh

Tampa

RALEIGH, NC

- » We have no cooking ability w/o renting ovens.
- » We have no loading dock, but are on the main floor and can have trucks make deliveries.
- » We are on the 2nd floor, but that is the main entry floor.
- » Directions are the biggest challenge for Raleigh. You must turn onto Plaza Place.
- » Only 2 rooms (Carolina & Biltmore) have wall pass-thrus for cables.
- » Biltmore & Hatteras have attached client lounges. Carolina & Pinehurst share a client lounge.
- » 20 minutes from airport and 20 minutes from downtown Raleigh.
- » Bus stop within easy walking distance of the office.

TAMPA, FL

- » Located only about 10 minutes from the Tampa Airport and 20 minutes from Downtown Tampa.
- » There is a bus stop fairly close to our facility but that being said it is about a half mile walk to our office from there. We don't advise this at night because it is really dark to walk that far.
- » Office has a very large kitchen which is great for staging taste tests, however we do not have a test kitchen. The kitchen is 16x16 with a staging area of an additional 28x16.
- » Located on the third floor accessed by an elevator or if you choose stairwells located on both ends of the building. We do not have a service of freight elevator so large deliveries could be difficult. Freight cannot be dropped shipped it needs to be brought up the elevator to our office.
